The Annual Israeli Tech Transfer Conference: "Fueling The Economy"

December 10, 2015
David Intercontinental Hotel, Tel- Aviv

We are delighted to announce the third annual conference of Israel's Technology Transfer Organization (ITTN) to be held on December 10th, 2015 at the David Intercontinental hotel in Tel Aviv. The conference which is part of the Life Science Industry Event, is a joint effort of 15 technology transfer companies of the leading universities, hospitals and research institutes in Israel.

ITTN 2015 will feature a main technology transfer track in addition to two parallel tracks focusing on hitech / engineering, pharma/biotech and agro.

Building on the success of past conferences, we expect a diverse audience of over 300 participants from Blue Chip companies, VC's, angel-investors, policy makers, technology transfer professionals, entrepreneurs and other.
